

GLOBAL HORSE

KIDSWEEK 2024

Monday 29 July - Sunday 4 August

Will you join me and my kids in Portugal?

To the beautiful Quinta do Falcão in sunny Tomar, holidaying with Rui, Sandra and Pedro. Come along for 7 days and 6 nights enjoying the sun, the beautiful Lusitanos, the beautiful surroundings, the delicious food and, of course, the fun company with other families.

This holiday is suitable for families with kids who may or may not ride horses! For parents and/or kids, we offer the possibility of private 45-minute riding lessons every morning from top trainer and children's friend Pedro.

So also for fathers, brothers, grannies etc who do not ride we make a programme. Most importantly, you will be together in a great place among the animals and have the opportunity to ride great horses.

Every day we have a delicious lunch at the Quinta and in the afternoons there are other activities planned. These include fun activities by the pool, a tour of the Quinta and visit to the museum with the carriages and traditional costumes, a football tournament, BBQs, music. And as one of the highlights, a picnic and swim by the river, where you also get to ride a horse through the river!

Every evening there is a delicious dinner. We stay near a super cosy town, there is a beach not too far away where you can also rent canoes.

After inventaristaie of the group layout, I make the final programme. Mornings are planned for the horses, riding and playing with the animals, After lunch you can decide what to do or participate in our programme.
